ALGORITHMIA

Prepare to test your skills in algorithms, data structures, and problem-solving in this exciting I.5-hour coding contest. You'll face 4 carefully crafted problem statements, designed to challenge your ability to write efficient, error-free code. The goal is to ensure your solution passes all test cases within the given constraints.

Platform: HackerEarth

BREAK THE BUG

Do you have what it takes to crack the code and Break the Bug? In this intense, high-stakes debugging contest, participants will face a series of progressively complex coding challenges, each riddled with hidden bugs. The clock is ticking, and the pressure is on as you race to identify, isolate, and fix errors in real time.

TECH QUEST

Gear up for a fast-paced challenge with Tech Quest! Participants will tackle 20 multiple-choice questions covering key IT fundamentals such as Networking, Databases, Operating Systems, and Algorithms. With only 20 minutes on the clock, it’s a race against time to showcase your expertise and problem-solving skills in these critical tech areas.

CSS BATTLE

Code. Create. Conquer.

Are you ready to showcase your front-end prowess and win big? Welcome to CSS Battle, the ultimate clash of creativity and coding skill! In this thrilling two-round challenge, you'll be given visually striking designs to replicate using nothing but HTML and CSS. The faster and more accurate your code, the higher you climb on the leaderboard!

SHADOWLANDS

Experience an Epic 2D Pixel Adventure

Step into a pixelated world filled with danger, mystery, and adventure! In this exciting platformer game, you'll play on a mission to defeat enemies, craft items and unlock new skills. Traverse through three dynamic levels, each packed with unique challenges, thrilling enemies, and hidden treasures.

MYSTIC MAZE

Get ready to embark on a thrilling journey with Mystic Maze! This treasure hunt will challenge your teamwork, problem-solving, and quick thinking as you race against the clock to unravel clues and conquer obstacles. Gather your team and prepare for an adventure filled with twists and surprises as you navigate your way to victory.

LIGHTNING FINGERS

In Lightning Fingers, it's not just about typing fast, it's about mastering the balance between speed and precision. Participants will face off in a timed typing challenge, where every keystroke brings them closer to victory. With elegance and accuracy, competitors must outpace each other while maintaining flawless execution.

MICROMANIA MADNESS

The Ultimate Mini-Game Showdown

Step into the world of Micromania Madness, where speed, strategy, and a bit of luck can lead you to victory! This event features a collection of fast-paced, bite-sized games designed to test your reflexes, wit, and coordination.

DESTINITE

An exclusive interview round for INFOTREK'24 top performers. The top 3 participants, selected based on their exceptional performance throughout the events, will undergo a mock PI after submitting their resumes. The coveted Ist prize awaits the standout participant, promising ultimate recognition and reward for excellence at Destinite.

ALL THE BEST...
